

BACK IN BUSINESS: RESOURCES FOR REDEVELOPMENT & LAND RECYCLING

DTSC Administrative & Funding Tools for Land Recycling

Maryam Tasnif-Abbasi

Department of Toxic Substances Control

Brownfields Coordinator

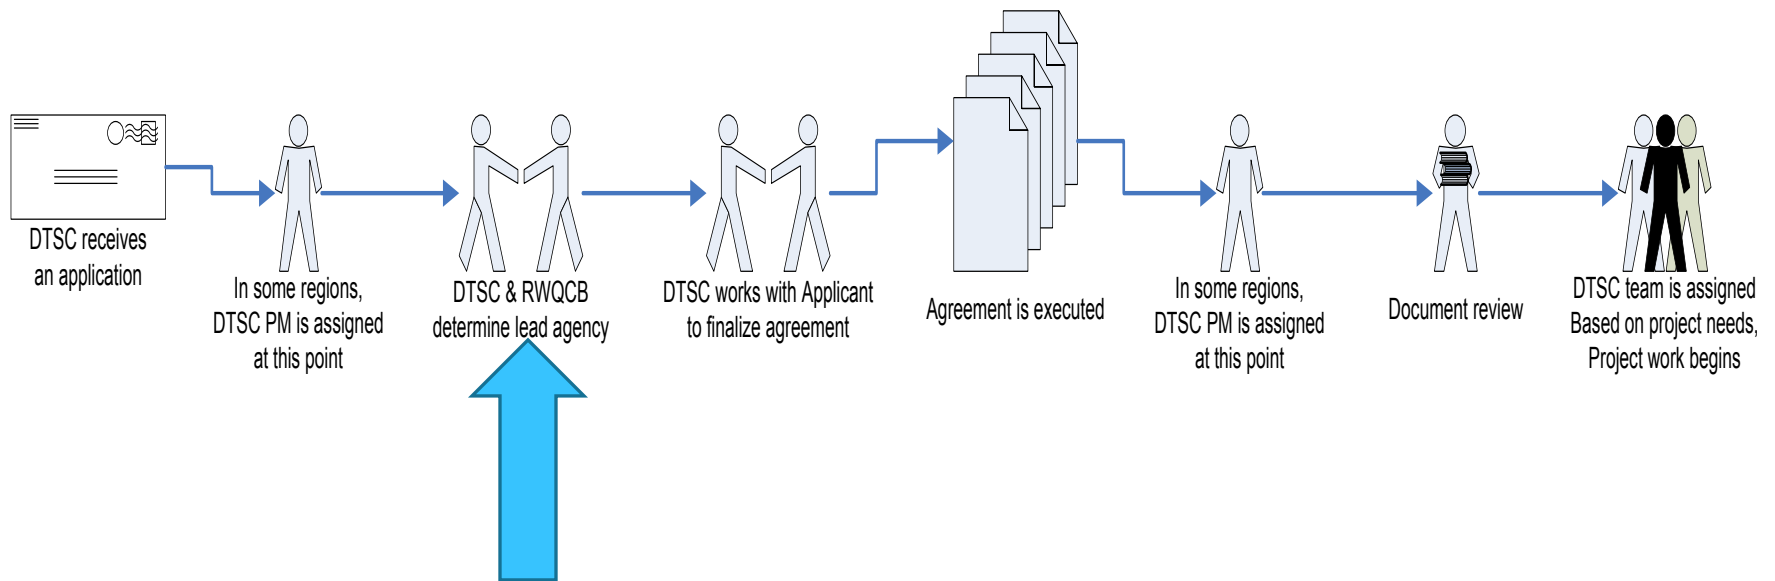

April 2016

DTSC's Administrative Process

Voluntary vs Enforcement

- *Enforcement through orders
- *Voluntary Cleanup Program

VCP Agreement Process

VCP Process- Initial Steps

- * Step 1: Contact DTSC

<http://www.dtsc.ca.gov/SiteCleanup/Brownfields/contacts.cfm>

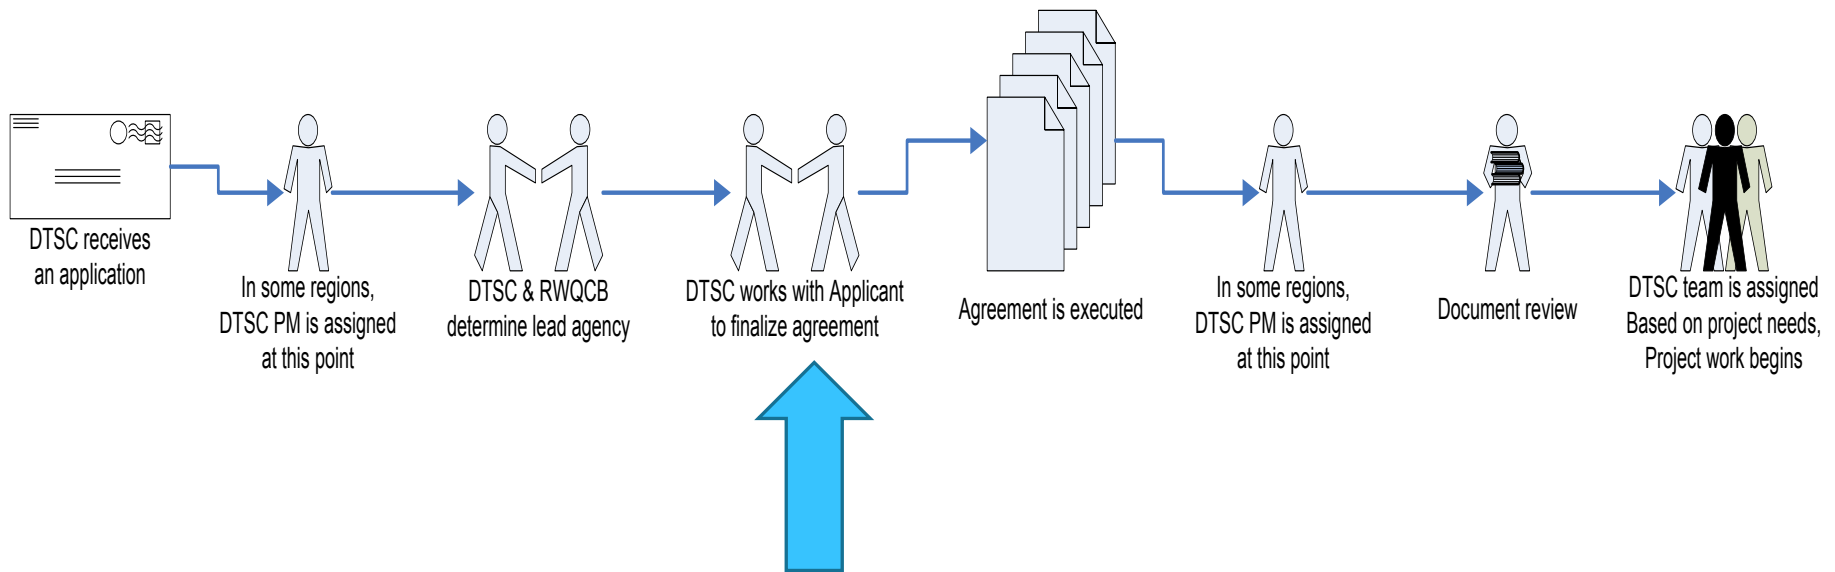

- * Step 2: Request for Lead Agency Oversight Application

http://www.dtsc.ca.gov/SiteCleanup/Brownfields/index.cfm#CP_JUMP_13298

- * Step 3: DTSC and the Water Board determine the Lead Agency

<http://www.calepa.ca.gov/brownfields/MOA>

VCP Agreement Process

Types of Voluntary Agreements

Voluntary Cleanup Program (VCP) includes:

- * Voluntary Cleanup Agreement
- * California Land Reuse and Revitalization Act Agreement
- * Consultative Service Agreements
- * Prospective Purchaser Agreements
- * Environmental Oversight Agreements with local agencies

Scope of Work

- * Project Consultation
- * Phase I Environmental Site Assessment
- * State and Federal All Appropriate Inquiries (AAI) Compliance Evaluation
- * Preliminary Endangerment Assessments (PEA)
- * Supplemental Site Investigation (SSI)
- * Remedial Investigations/Feasibility Studies (RI/FS)
- * Health Risk Assessment
- * Removal Action Workplans (RAW)
- * Remedial Action Plans (RAP)
- * Compliance with the California Environmental Quality Act (CEQA)
- * Remedial Design (RD)
- * Remedial Implementation Plan
- * Operation and Maintenance Plan (O&M), and
- * Implementation of Land Use Covenant (LUC)

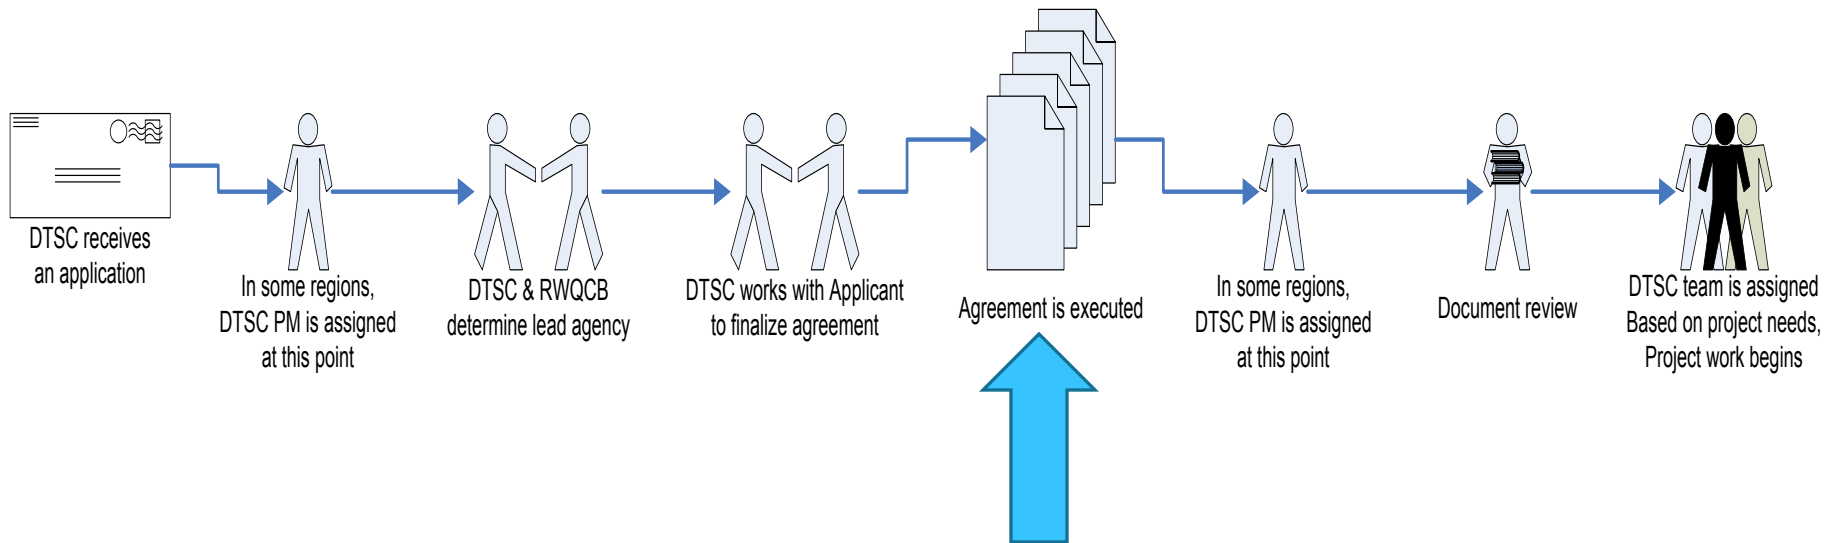

VCP Process – Agreement Development

- * **Step 4:** DTSC develops the selected agreement
 - * Agreement includes site-specific details, a scope of work, and a cost estimate
 - * DTSC and the Applicant work collaboratively to ensure that the Agreement reflects project needs
- * Applicant will work with either the Project Manager assigned to the project or with the Brownfields Coordinator to develop and execute the Agreement

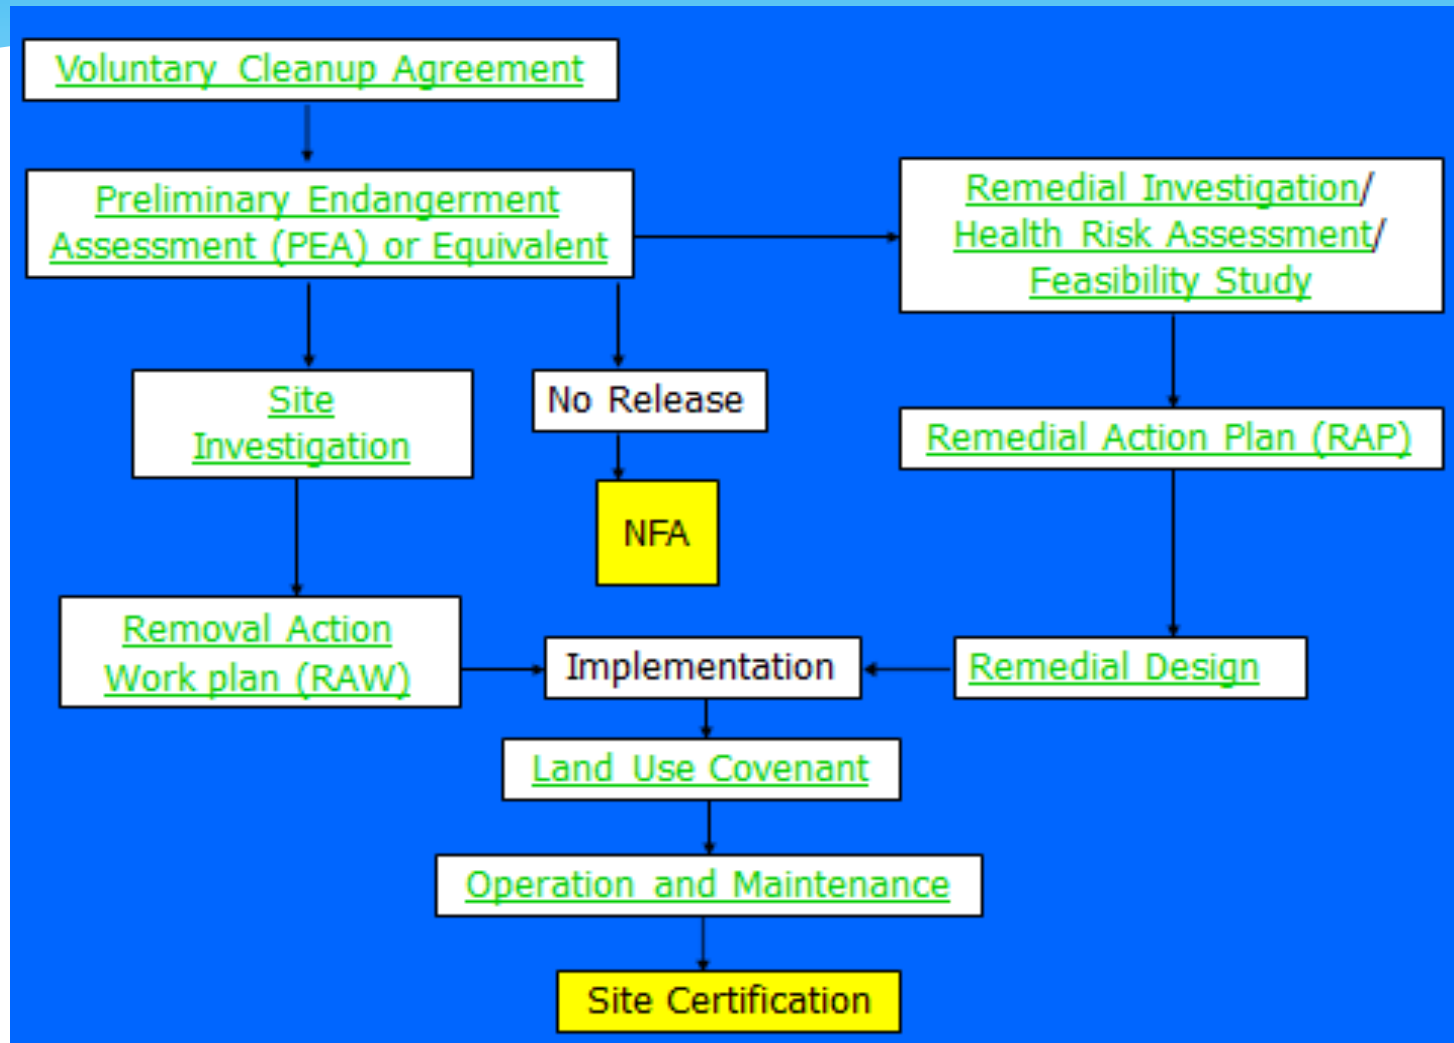

VCP Process – Finalizing the Agreement

- * **Step 5:** Agreement is executed
 - * For regions where the Brownfields Coordinator has been negotiating the Agreement, a DTSC Project Manager will be assigned
- * **Step 6:** The Applicant will send the advance payment and project work can begin

VCP Agreement Process

DTSC Brownfields Process

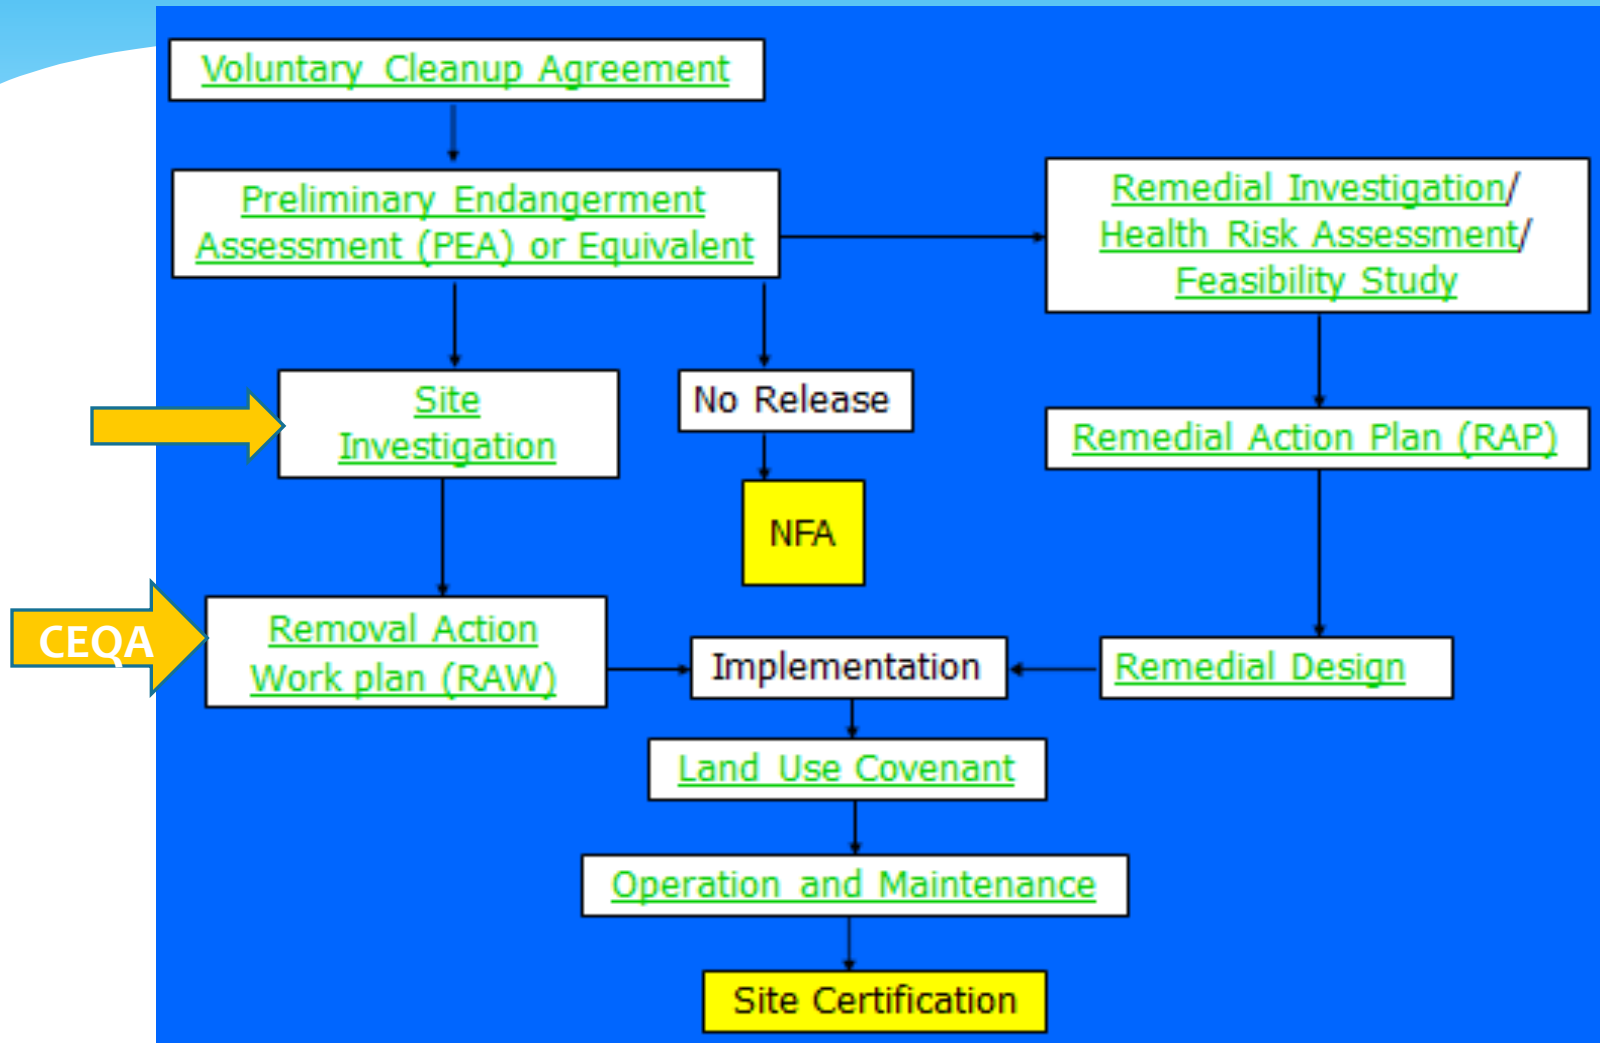

Case Study

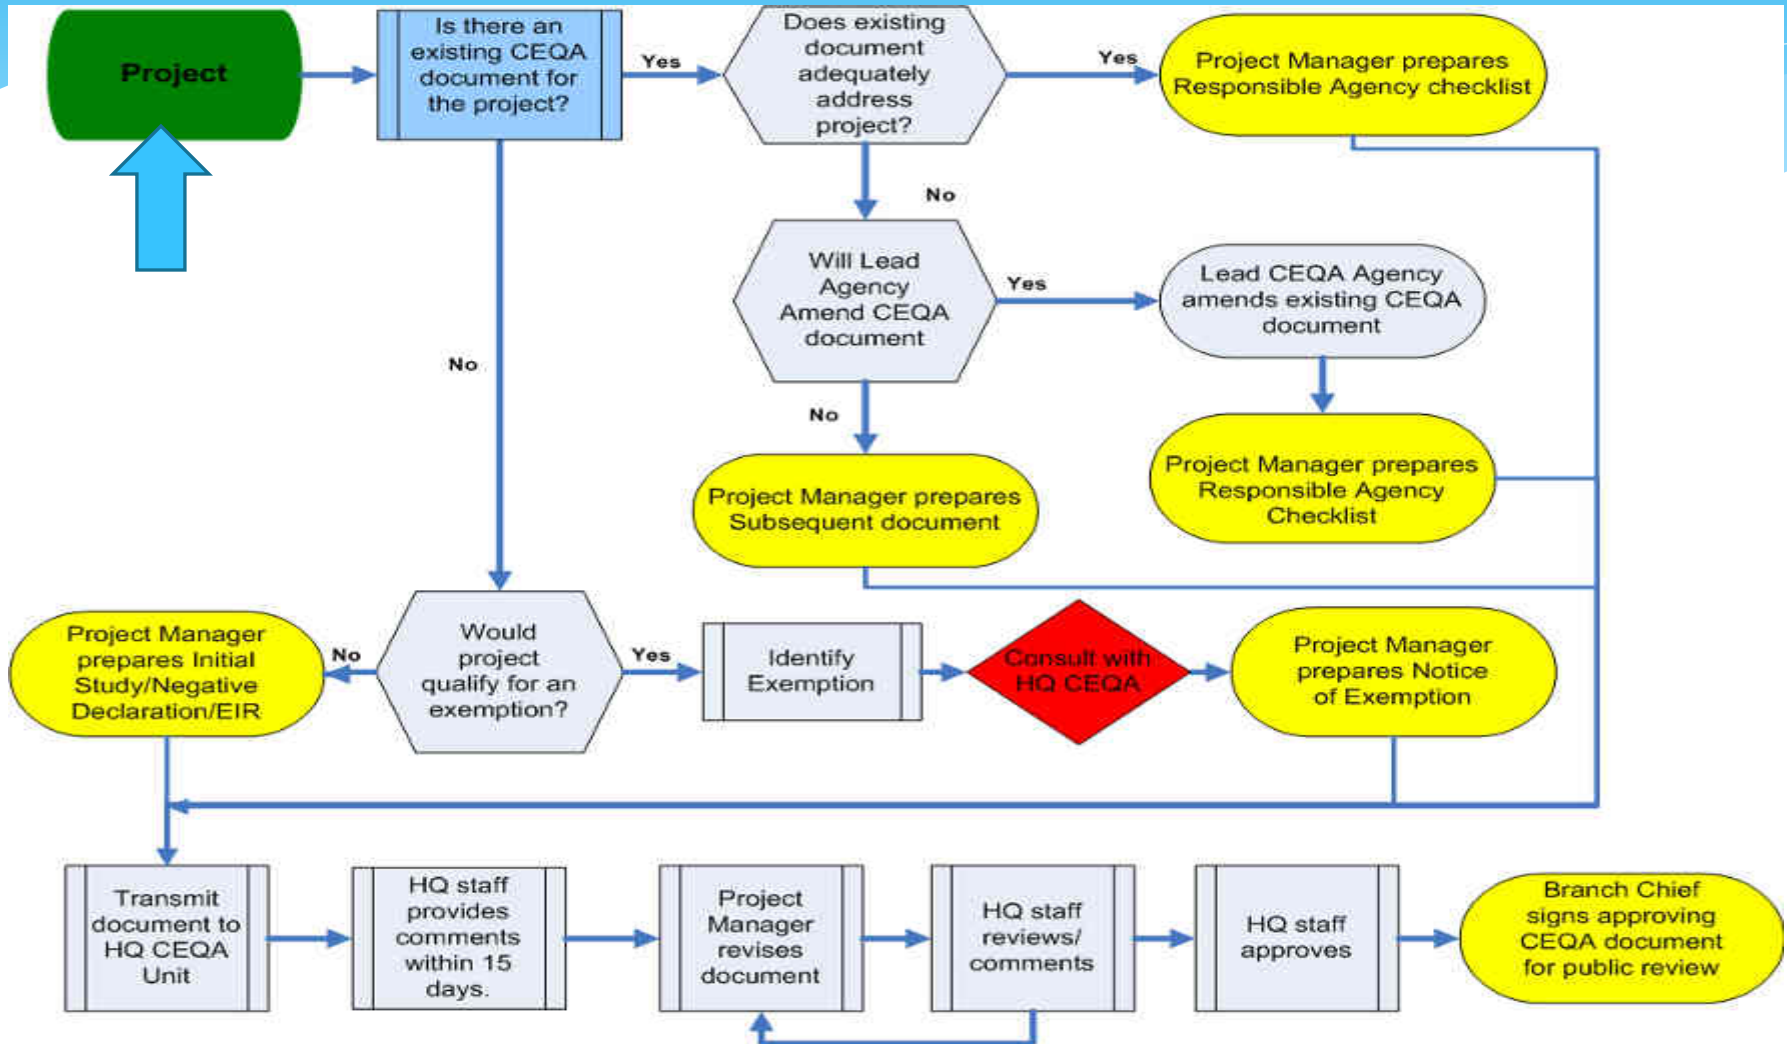

Studio 15, Downtown San Diego

- * Affirmed Housing purchased a property for high density low-income residential development
- * Local agency requested a cleanup plan, then referred the site to DTSC
- * Voluntary Cleanup Agreement was considered
- * CLRRA Agreement was the best fit, and the site and proponent and applicant met eligibility requirements

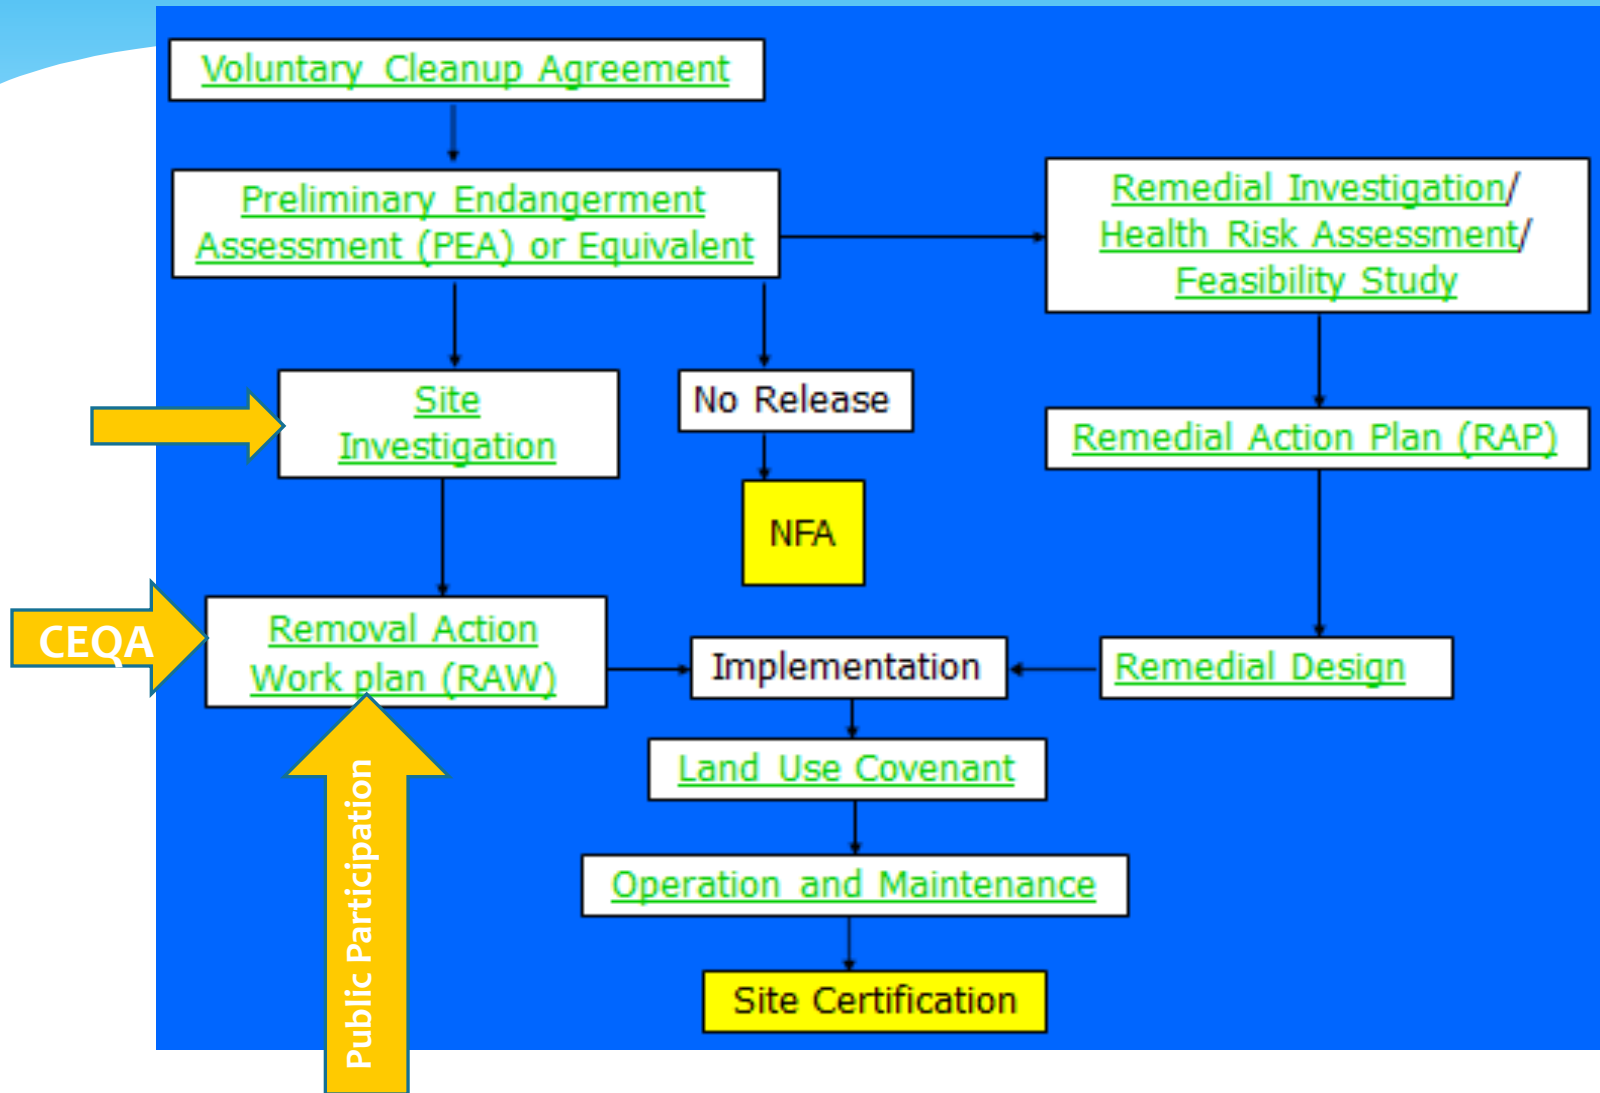

DTSC Brownfields Process

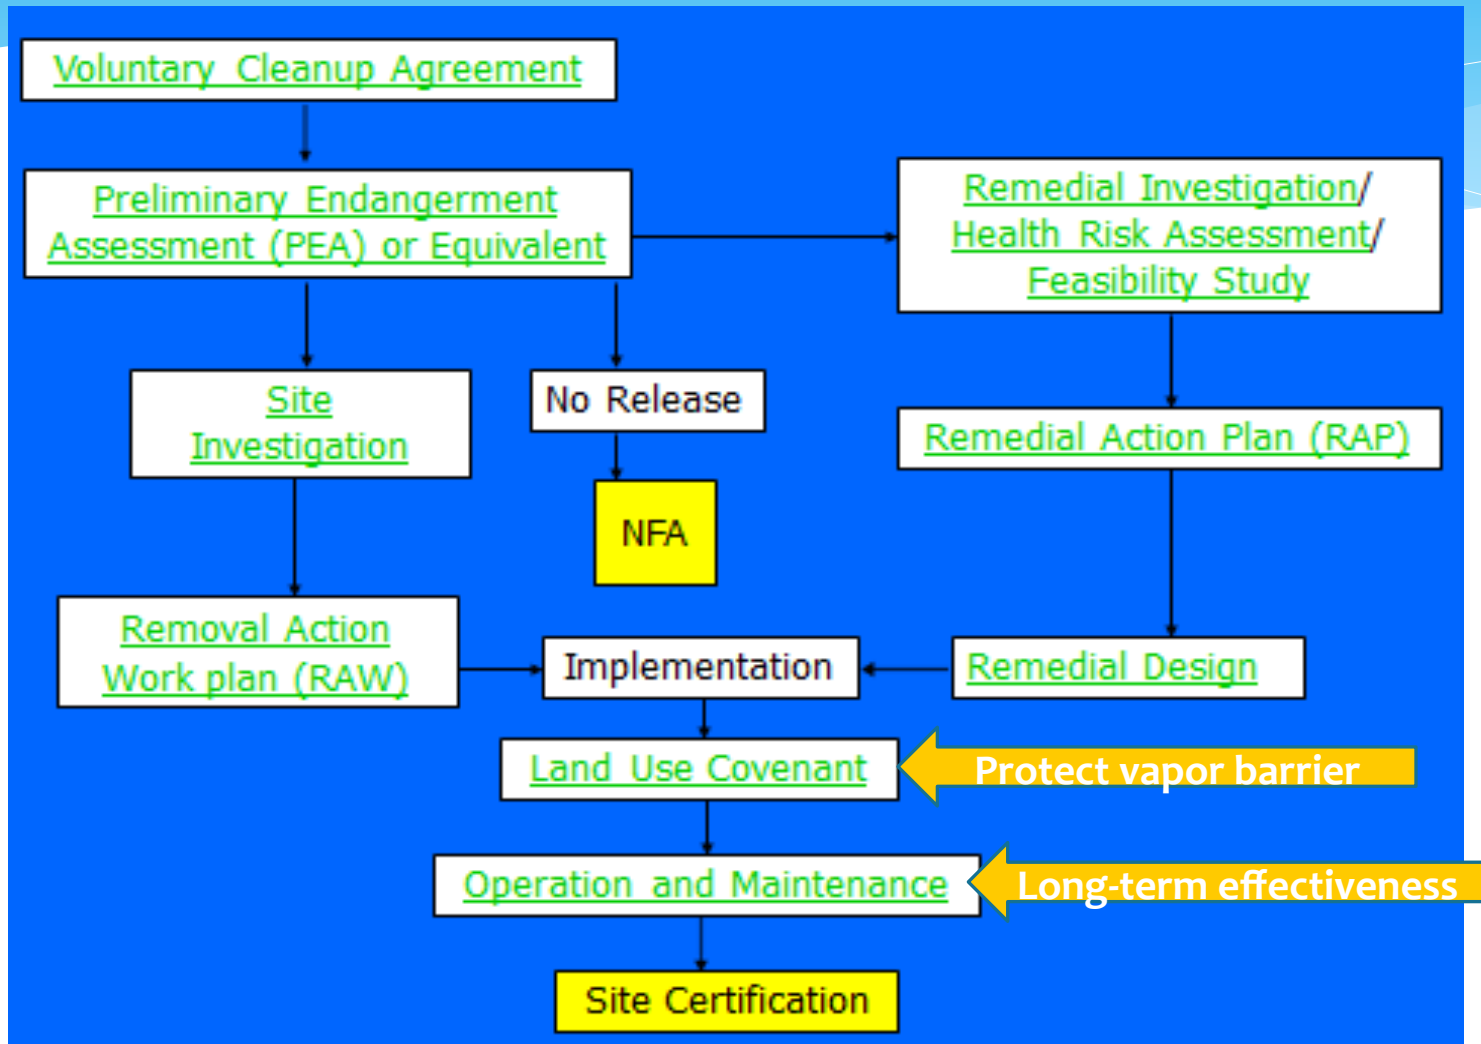

CEQA Process

DTSC Brownfields Process

DTSC Brownfields Process

Studio 15 – Completed Project

- * 273 transit-oriented units in downtown San Diego
- * Specific allocations for households with income levels at 40, and 60 percent of the area median income
- * 5,200 square feet of common indoor areas
- * 100% occupied, with a long waiting list
- * O&M in effect and the system continues to be effective
- * Affirmed Housing is developing the neighboring brownfields property for another low-income residential development project

Timeline

- * 2006 – Agreement
- * 2007 – Investigation, CEQA & Cleanup Plan
- * 2007 – Construction initiated
- * 2009 – Operation and Maintenance Plan
- * 2009 – Land Use Restriction
- * 2012 – Certificate of Completion
- * Today – Ongoing monitoring

Studio 15 – Before & After

DTSC Funding Tools

Targeted Site Investigation Program

- * Currently accepting applications through July 22nd
- * ~\$300,000 available this year
- * Historically ~90 sites
- * ~\$2,500,000 used for assessment contract costs since FY 2004
- * TSI used a stepping stone to apply for EPA assessment and cleanup grants
- * **Webinar on w/ EPA & the Water Board in early June**

Revolving Loan Fund Program

- * Currently accepting applications
- * ~\$900,000 available
- * Activity to date:
 - * ~ \$6,900,000 received from EPA
 - * ~\$1,527,000 in repaid hazardous substances loans
 - * ~\$1,880,000 in hazardous substances loans funded
 - * ~\$200,000 in petroleum grants
 - * ~\$3,600,000 in hazardous substances grants
- * **Webinar w/ EPA & the Water Board in early June**
