

"I truly feel like I am not alone anymore on the road to redevelopment. CCLR is eager to help anyway that they can! If you do not know CCLR, you are missing out on many opportunities."

- John Piseck, Herkimer County IDA, NY

CCLR was in overdrive in 2019 with the delivery of in-person and on-line training to a record-breaking number of municipalities across the country, a visible leadership role on the national stage, and expanded partnerships and corporate support, showing that land reuse is a team effort!

2019 Achievements

- Convened practitioners from around the country in Washington, D.C. to share the latest information from our federal partners and set brownfield policy and legislative priorities.
Played a crucial role in planning EPA's 2019 National Brownfields Conference.
Organized regional and state-wide land recycling conferences: Albany & Brooklyn, New York; Mayaguez, Ponce & San Juan, Puerto Rico; Chester, New Jersey; Spokane, Washington.
Released two educational videos: Brownfields to Healthfields and What is Land Recycling?

CCLR Led Workshops/Summits 11 hosted 1,336 attendees

Grant Funding Helped bring in \$6.6m in federal grants to 12 projects across the US and reviewed an additional 35 ARC grant proposals in 2019.

Blogs & Social Media 91 Blogs and Newsletters 43 Publications 329 Social Media posts to our national database of 60,000 practitioners

Affiliated Events 30 presentations 1,893 attendees
