

2020-2021 CORPORATE MEMBERSHIP OPPORTUNITIES

Our Mission Transforms Communities: The Center for Creative Land Recycling (CCLR) has made a lasting mark on brownfield-impacted communities around the country through championing the re-purposing of abandoned or vacant commercial and industrial properties to assets that benefit the community, create jobs and generate new tax revenue. Over 10,000 people have participated in our workshops or benefited from our technical assistance around brownfield site assessment, grant review, cleanup and redevelopment.

Land Reuse is Moving Fast: CCLR is a national leader on land recycling and work continues at a rapid pace despite changing global conditions. Our members benefit from our extensive network of stakeholders across the country and our knowledge of emergent and established policy and funding sources. Join our network today to help sustain CCLR's essential role as an educator and convener in order to bolster our sector in the face of challenging times. Together, we can continue to transform communities and leverage new resources.
